Stock Solution

TD-S Revision 1.0

Creation Date: 5/27/2022
Revision Date: 6/8/2022

1 mg/ml (2.55mM) Dexamethasone Stock Solution

Instructions

1. Weigh 5 mg of dexamethasone (Dexamethasone, GoldBio Catalog # D-940).
2. Add 5 mL ethanol.
3. Vortex until complete solubilization.
4. Aliquot and store at 4°C.

Once dexamethasone is solubilized, dilutions can be prepared by adding sterile culture medium.
